The sale of 'G' motors and all model and high power RMS reload kits to persons under 18 years of age is currently prohibited by federal law. Individuals must be 18 years of age to purchase high power hardware. Proof of age (such as a copy of a driver's license) must accompany all or for 'G' motors and RMS reload kits. The consumer must be a current member in either the National Association of Rocketry or Tripoli Rocketry Association and be a certified Level 1 (H,I), or Level 2 (J,K,L), or Level 3 (M,N,O) high power user, and 18 years of age or older, to purchase high power reload kits.

(*) Asterisk indicates item can ship domestic U.S. Mail (USPS). This means no haz fee is incurred when shipping RMS reload kits and single-use motors by surface mail. For more details, please refer to the Resources page located on our website at www.aerotech-rocketry.com.

AeroTech produces a variety of composite propellant formulations including White Lightning (W), Super White Lightning (WS), Blue Thunder (T), Black Jack (J), Black Max (FJ), Redline (R), Warp-9 (N), Mojave Green (G), Metalstorm (M), Dark Matter (DM), Super Thunder (ST), New Blue Thunder (NT), Classic (C) & Propellant-X (X). Rocket propellant abbreviations indicated in the brackets are listed after the time delay/coast phase number on single-use and LMS™ rocket motors and mid-power RMS™ reload kits. The propellant abbreviation is listed after the average thrust number on DMS™ rocket motors and high-power RMS™ reload kits.
